आदेश
Order

विषय: खाद्य सुरक्षा और मानक (आयुर्वेद आहार) विनियम, २०२२ के अंतर्गत शामिल आयुर्वेद आहार के संबंध में

Subject: Ayurveda Aahara covered under Food Safety and Standards (Ayurveda Aahara) Regulations, 2022 – reg

खाद्य सुरक्षा एवं मानक (आयुर्वेद आहार) विनियम, २०२२ की अनुसूची 'ख' के अंतर्गत टिप्पण १ का संदर्भ लेते हुए, जो यह निर्दिष्ट करता है कि खाद्य प्राधिकरण समय-समय पर श्रेणी 'क' में सम्मिलित आयुर्वेद आहार की सूची दे सकती है।

This is in reference to the Note (1) under Schedule B of the Food Safety and Standards (Ayurveda Aahara) Regulations, 2022 which specifies that the Food Authority may provide a list of Ayurveda Aahara covered under category A from time to time.

२. इस संबंध में, आयुष मंत्रालय के परामर्श से, एफएसएसएआई, खाद्य सुरक्षा एवं मानक (आयुर्वेद आहार) विनियम, २०२२ के अंतर्गत श्रेणी 'क' के अंतर्गत आने वाले आयुर्वेद आहार (प्रति संलग्न) खाद्य व्यवसाय संचालकों (एफबीओ) की आयुर्वेद आहार के उत्पादन एवं सुविधा हेतु प्रस्तुत कर रहा है।

2. In this regard, in consultation with Ministry of Ayush, FSSAI is hereby providing Ayurveda Aahara covered under category A under the Food Safety and Standards (Ayurveda Aahara) Regulations, 2022 (**copy enclosed**) for facilitating Food Business Operators (FBOs) for manufacturing of Ayurveda Aahara.

3. तथा, प्रवर्ग 'क' के अंतर्गत आने वाले परंतु सूची में न उल्लिखित *आयुर्वेद आहार* उत्पादों की स्थिति में खाद्य कारोबारी उन्हें सूची में शामिल करने के लिए खाद्य प्राधिकरण को अनुसूची 'क' में सम्मिलित ग्रंथों से आधिकारिक संगत पाठ प्रस्तुत करते हुए अनुरोध कर सकते हैं। अतः समय-समय पर होने वाले किसी भी परिवर्तन की सूचना अलग से खाद्य प्राधिकरण द्वारा दी जाएगी। यदि कोई प्रश्न/टिप्पण हों, तो उन्हें **ayurveda-aahara@fssai.gov.in** पर ईमेल करें।

3. Further, in case of *Ayurveda Aahara* products falling under category A, but not mentioned in the list, Food Business Operator shall request the Food Authority for inclusion by submitting relevant literature from Authoritative text listed under Schedule A books. Thus, any changes happening from time to time will be notified separately. Any queries/concern may be forwarded to the email: ayurveda-aahara@fssai.gov.in.

4. यह सक्षम प्राधिकारी के अनुमोदन से निर्गत है।

4. This issues with the approval of the Competent Authority

Alikamatsya/Alikamaccha
(Black Gram Fritters)

Name of the Recipe	01.1 Alikamatsya/Alikamaccha (Black Gram Fritters)				
Reference	Bhavaprakash Nighantu, 12/66-67; Bhojana Kutuhala Siddhannaprakarana (Bhakshyavishesha), p.71				
Category	Khadita (Hard eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Masha	Black gram/ <i>Phaseolus mungo</i> L.	Seed	1 part
	2.	Nagavalli	Betel leaves/ <i>Piper betle</i> L.	Leaves	Q.S.
	3.	Tila Taila	Sesamum oil	-	Q.S.
	4.	Jala	Water	-	Q.S.
Method of preparation	Mix Masha flour with sufficient quantity of water, knead well and prepare dough. Divide the dough into small portions (10-20g). Take a large leaf of Nagavalli and place a small portion of dough (10-20g) Cover it with another leaf and wrap it. Similarly wrap the remaining portion. Fill a stainless steel pot with water and cover its mouth with a cloth. Place the wrapped dough on top of the cloth. Cover it with a lid, Set the pot over Mridu agni (low heat) to cook the dough gently with steam. Once the dough is fully cooked, remove it, cut it into pieces, and fry the pieces in oil until it turns golden colour . Alikamatsya can be consumed as such or by dipping in kwathitha (kadhi).				
Properties	Brimhana (nourishes the body), guru (heavy to digest), ushna (hot in potency)				
Benefits (Pathya)	-				
Precautions	Pittajavyadhi (diseases due to pitta vitiation)				
Special precautions	-				
Others	The steamed and fried Alikamatsya and the one which is soaked in Kwathitha (kadhi) are said to have the properties of brimhana (nourishes the body tissue), rochana (impart taste), vrishya (aphrodisiac), balya (strength promotor), relieves vataroga and kosthashuddhikara (cleanses G.I. Tract). The shushka or dried Alikamatsya is pittavardhaka (slightly aggravates pitta dosha) and could be useful in Ardita vata (Facial Paralysis) and Hanustambha (Lock jaw).				

Angarakarkati
[Bati/ Wheat Balls (Baked)]

Name of the Recipe	02.1 Angarakarkati [Wheat Balls (Baked)]				
Reference	Bhavaprakash Nighantu, 12/33-34; Bhojana Kutuhala Siddhannaprakarana (Bhakshyavishesha), p.81; Kshema Kutuhala, 10 th Utsava				
Category	Khadita (Hard eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Samita	Fine Wheat flour/ <i>Triticum aestivum</i> L.	Seed	1 part
	2.	Jala	water		Q.S.
Method of preparation	Mix Samita with water and knead it well. Then shape it into Vataka (lemon size balls) and cook it directly on burning coal (pre heated).				
Properties	It is said to have Brimhana (nourishes the body), shukrala (increases semen), laghu (light for digestion), deepana (increases digestive fire), kaphakara (increases kapha dosha), balya (strength promoter) properties				
Benefits (Pathya)	It could be beneficial in Pinasa (rhinitis), Kasa (cough), Shwasa (asthma).				
Precautions	It is not recommended in the condition such as diabetes, obesity. Consume with caution in Santarpanjanya vikara (disease caused by excessive nourishment of body tissue)				
Special precautions	-				
Others	-				

Dadhi/Takra
(Curd based Preparations)

Name of the Recipe	03.1 Dadhi Guda (Jaggery Curd)				
Reference	Abhinava Chintamani, 21/5				
Category	Lidha (Lickable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Dadhi	Curd	-	1 part
	2.	Guda	Jaggery	-	Q.S.
Method of preparation	Take dadhi in a bowl. Add required quantity of powdered/finely grated jaggery into it and mix together.				
Properties	Brimhana (nourishes the body)				
Benefits (Pathya)	-				
Precautions	It should be avoided at night				
Special precautions	-				
Others	Anupana – Guduchi swarasa				

Name of the Recipe	03.2 Jiraka Dadhi (Cumin- Flavoured Curd)				
Reference	Siddha Bhesaja Manimala, Atisara Chikitsa, 4/17				
Category	Lidha (Lickable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Dadhi	Curd	-	1 part
	2.	Krishna jiraka	Black cumin/ <i>Carum bulbocastanum</i> Senel.	Fruit	Q.S.
	3.	Shweta jiraka	Cumin / <i>Cuminum cyminum</i> L.	Fruit	Q.S.
	4.	Maricha	Black pepper/ <i>Piper nigrum</i> L.	Fruit	Q.S.
	5.	Chitraka	Leadwort/ <i>Plumbago zeylanica</i> L.	Root	Q.S.
Method of preparation	Take dadhi in a bowl. Powder the ingredients no 2-5 finely and add to dadhi and mix well.				
Properties	Ushna (hot in potency), deepana (stimulates digestive fire), pachana (easy to digest), tikta (bitter), katu (pungent), ruksha (dry)				
Benefits (Pathya)	It could be beneficial in Atisara (diarrhoea)				
Precautions	It should be avoided at night				
Special precautions	-				
Others	-				

Name of the Recipe	03.3 Takra (Processed Buttermilk)				
Reference	Bhavaprakash Nighantu, 12/162-163				
Category	Pana (Drinkable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Jala	Water	-	4 parts
	2.	Dadhi	Curd	-	1 part
	3.	Hingu	<i>Asfoetida/Ferula asafoetida</i> Regel.	Oleoresin gum	Q.S.
	4.	Jiraka	Cumin <i>Cuminum cyminum</i> L.	Fruit	Q.S.
	5.	Saindhava Lavana	Rock salt	-	Q.S.
	6.	Rajika	Indian mustard/ <i>Brassica juncea</i> L.	Seed	Q.S.
Method of preparation	Take one part of Dadhi prepared from Mahisha Dugdha. Mix it with four part of clean water and filter it. Take required amount of fried Hingu, Jiraka, Lavana and Rajika, grind them to make fine powder. Mix everything thoroughly or churn it to prepare Takra.				
Properties	Deepana (increases digestive fire), pachana (easy to digest), ruchikaraka (imparts taste), triptikaraka (satiating)				
Benefits (Pathya)	It could be beneficial in Udara roga (abdominal enlargement)				
Precautions	-				
Special precautions	-				
Others	-				

Name of the Recipe	03.4 Takrayoga (Barley Buttermilk)				
Reference	Brihat Nighantu Ratnakar, Volume-5, Chapter-1, Ajirnadhikara, p.40				
Category	Pana (Drinkable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Takra	Buttermilk	-	1 part
	2.	Yava	Barley/ <i>Hordeum vulgare</i> L.	Seed	Q.S.
	3.	Yavakshara	Barley/ <i>Hordeum vulgare</i> L.	Water soluble ash of whole plant	Q.S.
Method of preparation	Add Yava flour into Takra, mix well till it is smooth with out any lumps.boil it keeping over low heat until flour is cooked properly. Serve it by sprinkling with Yavakshara.				
Properties	Laghu (light for digestion), ruksha (dry), katu (pungent)				
Benefits (Pathya)	It could be beneficial in Visuchika (cholera)				
Precautions	-				
Special precautions	-				
Others	-				

Name of the Recipe	03.5 Agnivardhaka Takra (Appetizing Buttermilk)				
Reference	Ruchivadhu Gala Ratnamala, Shloka-97				
Category	Pana (drinkable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Takra	Buttermilk	-	1 part
	2.	Saindhava lavana	Rock salt	-	Q.S.
	3.	Jiraka	Cumin / <i>Cuminum cyminum</i> L.	Fruit	Q.S.
	4.	Ardraka	Ginger/ <i>Zingiber officinale</i> Rosc.	Rhizome	Q.S.
	5.	Ela	Cardamom/ <i>Elettaria cardamomum</i> Maton.	Seed	Q.S.
Method of preparation	Grind Saindhava lavana, Jiraka and Ardraka well; then mix them into Takra. Sprinkle Ela powder and mix well.				
Properties	Katu (pungent), tikta (bitter), amla (sour), ushna (hot in potency), laghu (light for digestion)				
Benefits (Pathya)	It could be beneficial in Aruchi (tastelessness), Agnimandhya (low digestive fire)				
Precautions	-				
Special precautions	-				
Others	-				

\

Name of the Recipe	03.6 Rochaka Takra (Tangy Buttermilk)				
Reference	Ruchivadhu Gala Ratnamala, Shloka-98				
Category	Pana (Drinkable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Takra	Buttermilk	-	1 part
	2.	Saindhava Lavana	Rock salt	-	Q.S.
	3.	Hingu	Asfoetida / <i>Ferula asafoetida</i> Regel.	Oleoresin gum	Q.S.
Method of preparation	Mix the stale buttermilk with Saindhava lavana and filter it with a clean cloth or sieve. Sprinkle it with fried Hingu powder.				
Properties	Katu (pungent), tikta (bitter), amla (sour), ushna (hot in potency), laghu (light for digestion)				
Benefits (Pathya)	It could be beneficial in Aruchi (tastelessness), Agnimandhya (low digestive fire)				
Precautions	-

Name of the Recipe	8.1 Indarika (Steamed Rice Cake)				
Reference	Ayurveda Mahodadhi, Pakvannavarga (16 th varga), Shloka-11				
Category	Ashita (Eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Tandula	Rice/ <i>Oryza sativa</i> L.	Seed	2 parts
	2.	Masha	Black gram/ <i>Phaseolus mungo</i> L.	Seed	1 part
	3.	Saindhava Lavana	Rock salt	-	Q.S.
	4.	Jala	water	-	Q.S.
Method of preparation	Take flour of Masha and Tandula in required quantity, add sufficient quantity of water and mix thoroughly to prepare a smooth batter (nor too thick or thin) and keep overnight. Next morning, add required quantity of Saindhava lavana to the fermented batter and mix well. Take batter in an idly maker or steamer and subject to steaming until it is properly cooked.				
Properties	It could be useful as ruchya (imparts taste), vrishya (aphrodisiac), balya (strength promotor). It is guru (heavy in digestion) and abhishyandi (block the body channels)

Kwathita (Kadhi)

Name of the Recipe	10.1 Kwathika/ Kwathita (Spicy Buttermilk Curry -1)				
Reference	Bhojana Kutuhala, Siddhannaprakarana (Bhakshyavishesha), p.72; Bhavaprakash Nighantu, 12/69				
Category	Pana (Drinkable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Haridra	Turmeric / <i>Curcuma longa</i> L.	Rhizome	1 part
	2.	Hingu	Asfoetida/ <i>Ferula asfoetida</i> Regel.	Oleo resin gum	1 part
	3.	Maricha	Black Pepper/ <i>Piper nigrum</i> L.	Fruit	1 part
	4.	Ardra	Ginger / <i>Zingiber officinale</i> Rosc.	Rhizome	1 part
	5.	Chavya	Javanese long pepper/ <i>Piper retrofractum</i> Vahl.	Root	1 part
	6.	Chitraka	Leadwort/ <i>Plumbago zeylanica</i> L.	Root	1 part
	7.	Pippali	Long pepper/ <i>Piper longum</i> L.	Fruit	1 part
	8.	Pippalimula	Long pepper/ <i>Piper longum</i> L.	Root	1 part
	9.	Dhanyaka	Coriander/ <i>Coriandrum sativum</i> L.	Fruit	1 part
	10.	Ajaji	Cumin / <i>Cuminum cyminum</i> L.	Fruit	1 part
	11.	Saindhava Lavana	Rock salt	-	1 part
	12.	Dadima	Pomegranate/ <i>Punica granatum</i> L.	Seed	1 part
	13.	Haritaki	Chebulic myrobalan/ <i>Terminalia chebula</i> Retz	Pericarp	1 part
	14.	Amalaki	Gooseberry/ <i>Emblica officinalis</i> Gaertn.	Pericarp	1 part
	15.	Takra	Buttermilk	-	Q.S.

	16.	Taila/Ghrita	Oil/ Clarified butter	-	Q.S.
	17.	Avlehan (Vesana)	Chick pea/ <i>Cicer arietinum</i> L.	-	Q.S.
Method of preparation	Heat Taila or Ghee in a frying pan. Once hot, add Haridra and Hingu, and lightly fry them. In a separate bowl, mix Takra (buttermilk) with Avlehan (gram flour or besan) and Maricha, and then add this mixture to the pan. Meanwhile, prepare a paste using equal quantities of Ardraka, Chavya, Chitraka, Pippali, Pippalimula, Dhanyaka, Ajaji, Saindhava , Jiraka , Dadima, Haritaki, Amalaki, and Hingu. Once the paste is ready, add it to the buttermilk mixture in the pan and boil the preparation thoroughly keeping on low heat until the Avlehan (gram flour or besan) is properly cooked.				
Properties	Vata kaphahara (alleviates vata and kapha), laghu (light for digestion)				
Benefits (Pathya)	It could be beneficial in Aamatisara (diarrhoea due to un-metabolized food), vatagulma (colicky pain), Kasa (cough) shwasa (dyspnoea), Agnimandhya (low digestive fire)				
Precautions	-				
Special precautions	-

Kashaya

(Herbal tea)

Common preparation method of kashayakalpana

Clean, dry and coarsely powder (Yavakuta) the ingredients as per formula. Mix well all the ingredients and add 16 times of water. Boil it over mild heat until the total quantity of water is reduced to 1/8th.

Name of the Recipe	12.1 Lajadi Kashaya (Parched Rice Tea)				
Reference	Vaidya Chintamani Volume-2, Daha Prakaranam, p.432				
Category	Pana (Drinkable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Jala	Water	-	16 parts
	2.	Laja	<i>Oryza sativa</i> L.	Parched seeds	1/4 part
	3.	Hribera	Juniper/ <i>Juniperus communis</i> L.	Fruit	1/4 part
	4.	Chandana	Sandal wood/ <i>Santalum album</i> L.	Heart wood	1/4 part
	5.	Ushira	Khas Khas grass/ <i>Vetiveria zizaniodes</i> (L.) Nash.	Root	1/4 part
	6.	Sharkara	Normal Sugar	-	Q.S.
Method of preparation	Clean and dry all the ingredients thoroughly, then coarsely powder them (Yavakuta). Mix the powdered ingredients uniformly and add 16 times of water. Boil it over low heat until the total quantity of water is reduced to 1/8 th of the original quantity.				
Properties	Sheeta (cold in potency), madhura (sweet), laghu (light for digestion)				
Benefits (Pathya)	It could be beneficial in Daha (burning sensation), Pitta Jwara (fever due to pitta dosha)				
Precautions	-				
Special precautions	-				
Others	Anupana – Sharkara (sugar)				

Krishra (Khichdi)

Name of the Recipe	13.1 Krishara (Khichdi)				
Reference	Bhavaprakash Nighantu, 12/9; Bhojana Kutuhala Siddhannaprakarana, p.56.				
Category	Ashita (Eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Jala	Water	-	3 parts
	2.	Dala*	Lentils	Seed	1 part
	3.	Tandula	Rice/ <i>Oryza sativa</i> L.	Seed	½ part
	4.	Ardra	Ginger / <i>Zingiber officinale</i> Rosc.	Rhizome	Q.S.
	5.	Hingu	Asfoetida/ <i>Ferula asfoetida</i> Regel.	Oleoresin gum	Q.S.
	6.	Saindhava Lavana	Rock Salt	-	Q.S.
	7.	Ghrita	Clarified butter	-	Q.S.
	8.	Haridra	Turmeric / <i>Curcuma longa</i> L.	Rhizome	Q.S.
Method of preparation	Soak Tandula and Dala in an adequate amount of water for at least 30 minutes. Once soaked, drain the water completely and dry roast both ingredients for 4 to 5 minutes. In a separate vessel, heat Ghrita and add Hingu and Ardra paste, then add Lavana, Haridra, roasted Tandula and Dala along with the required quantity of water. Cook the mixture over medium heat until the Tandula and Dala are soft and fully cooked.				
Properties	Balya (strength promotor), vatashamaka (pacifies vata dosha)				
Benefits (Pathya)	It could be beneficial in Daurbalya (weakness)				
Precautions	-				
Special precautions	-

Name of the Recipe	14.5 Dugdha Kupika (Stuffed Fried Cottage Cheese Dumplings)				
Reference	Bhavaprakash Nighantu, 12/132-135				
Category	Ashita (eatable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Godugdha	Cow milk	-	1 part
	2.	Ghrita	Clarified butter	-	Q.S.
	3.	Sharkara	Normal Sugar	-	Q.S.
	4.	Tandula	Rice/ <i>Oryza sativa</i> L.	Seed	Q.S.
	5.	Karpura	Camphor/ <i>Cinnamomum camphora</i> (L.) J.Presl	Sub. extract	Q.S.
Method of preparation	Prepare Chena (cottage cheese) by curdling warm milk. Add rice flour to the Chena and knead the mixture into a smooth dough. Shape the dough into 3 – 4 inch balls and deep-fry them in Ghrita until it turns golden brown. Remove the fried balls from Ghrita and allow them to cool slightly. Make a small cavity in the center of each ball, fill it with fresh Chena, and seal the opening with a portion of the dough. Fry the filled balls once again in Ghrita until evenly cooked. Finally, remove from the ghee and soak them in sugar syrup (1 – 2 thread consistency) infused with Karpura for added aroma and flavor.				
Properties	Sheeta (cold in potency), guru (heavy to digest)				
Benefits (Pathya)	It could be beneficial in Aruchi (tastelessness), Daurbalya (weakness), tripti karaka (satiating), pushtikaraka (nourishes the body) drishti karaka (enhances vision), Karshya (emaciation), Vrishya (aphrodisiac), Shukrakshaya (deficiency of semen)				
Precautions	It is not recommended in the condition such as diabetes				
Special precautions	-				
Others	-				

Name of the Recipe	14.6 Sugandhit Ksheera (Aroma Infused Milk)				
Reference	Pakadarpanam, 10/11-21, p.109-110				
Category	Lidha (Lickable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Mahishi Ksheera	Buffalo Milk	-	1 part
	2.	Ketaki	Thatch screw pine/ <i>Pandanus tectorius</i> Soland.	Flower	Q.S.
	3.	Madhu	Honey	-	Q.S.
	4.	Ardraka	Ginger / <i>Zingiber officinale</i> Rosc.	Rhizome	Q.S.
	5.	Sharkara	Normal Sugar	-	Q.S.
	6.	Kadali	Banana/ <i>Musa paradisiaca</i> L.	Fruit	Q.S.
	7.	Ghrita	Clarified butter	-	Q.S.
	8.	Amra phala	Mango/ <i>Mangifera indica</i> L.	Fruit	Q.S.
	9.	Jati	Jasmine/ <i>Jasminum officinale</i> L.	Flower	Q.S.
	10.	Dadima	Pomegranate/ <i>Punica granatum</i> L.	Flower	Q.S.
	11.	Punnaga	Ball tree/ <i>Calophyllum inophyllum</i> L.	Flower	Q.S.
	12.	Tandula	Rice/ <i>Oryza sativa</i> L.	Seed	Q.S.
	13.	Khajura	Dates/ <i>Phoenix Dactylifera</i> L.	Fruit	Q.S.

Method of preparation	Take Ksheera in a vessel and heat it gently over a low heat while continuously stirring with a ladle. This initial stage is considered the first type of Ksheerapaka. When the milk is further reduced to half or one-third of its original quantity, it is termed Lehya. After reduction to one-sixth of its original quantity, it is known as Ghatika, and when reduced to one-eighth, it is referred to as Sharkara. Each of these four preparations should be collected separately in individual vessels. Specific fruits and flowers are to be added to each type as follows: • Ksheerapaka (first type): Add small pieces of Ardraka along with aromatic flowers such as Jati and others. • Lehya (second type): Incorporate Kharjura and flowers of Punnaga. • Ghatika (third type): Add Amraphala, Ghrita, Madhu, flowers of Dadima and cooked rice. • Sharkara (fourth type): Add Kadaliphala, Sharkara, flowers of Punnaga, Karpura and Kasturi Before serving, all floral components should be carefully removed from the milk preparations to enhance palatability.
Properties	Madhura (sweet), guru (heavy to digest) , sheeta (cold in potency)
Benefits (Pathya)	It could be beneficial as Sarvadoshahara (alleviates all the three doshas).
Precautions	It is not recommended in diabetes
Special precautions	-
Others	Anupana - Normal water/ luke warm water

Name of the Recipe	14.7 Ksheerapaka (Mystic milk Quartet)				
Reference	Pakadarpanam, 10/ 3-9				
Category	Pana (drinkable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Mahishi Ksheera	Buffalo Milk	-	1 part
	2.	Sugandhita pushpa*	Aromatic Flowers	Flower	Q.S.
	3.	Jala	Water	-	Q.S.
	4.	Sharkara	Normal Sugar	-	Q.S.
Method of preparation	Take clean water in a vessel and add aromatic flowers to it. Keep it for some time so that the fragrance of the flowers infuses into the water. Once the water becomes pleasantly aromatic, discard the flowers. Add an equal quantity of Mahishi Ksheera to the fragrant water and cook the mixture over low heat, stirring continuously with a ladle. Continue cooking until the water completely evaporates. Once this stage is reached, cover the vessel with a lid and place it over a charcoal fire to allow further slow cooking or infusion.				
Properties	Madhura (sweet), guru (heavy to digest) ,sheeta (cold in potency), snigdha (unctuous)				
Benefits (Pathya)	It could be beneficial as Vrishya (aphrodisiac), Pittadoshahara (alleviates pitta dosha), Balavarddhaka (strength promotor), Shramahara (removes fatigue), Buddhi-indriyabalya (promotes intellect and nourish all senses)				
Precautions	It is not recommended in diabetes				
Special precautions	-

Mantha

(Cereal/Fruit based drink)

Common preparation method of Mantha-

Grind all the ingredients into a paste and soak them in four times the amount of water for 2-3 hours. Subsequently, churn the mixture thoroughly and filter it.

Name of the Recipe	18.1 Yavsaktu Mantha (Barley Drink)				
Reference	Madanpala Nighantu, 11/99-100; Sharngadhara Samhita (Madhyam Khanda), 3/12; Shodhala Nighantu, Guna sangraha kritanna varga, 23/1025; Sushruta Sutrasthana, 46/385-387				
Category	Pana (Drinkable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Jala	Water	-	4 parts
	2.	Yava	Barley/ <i>Hordeum vulgare</i> L.	Seed	1 part
	3.	Ghrita	Clarified butter	-	Q.S.
Method of preparation	Roast and grind Yava into fine powder to prepare Saktu, add required quantity of Ghrita, mix thoroughly and add four times of water. Subsequently, churn the mixture and filter it.				
Properties	Laghu (light for digestion), ruksha (dry), sheeta (cold in potency), madhura (sweet), bala karaka (strength promoting)				
Benefits (Pathya)	It could be beneficial in Trishna (thirst), Kshaya (phthisis), Chhardi (emesis), Kushtha (skin disease), Daha (burning sensation), Shrama (fatigue)				
Precautions	-				
Special precautions	-				
Others	-				

Name of the Recipe	18.2 Kharjuradi Mantha (Energy Drink)				
Reference	Sharngadhara Samhita (Madhyam Khand), 3/10; Yoga Ratnakara, Panatyaya Chikitsa, Shloka-47; Gada Nigraha, Part-2, Kayachikitsa Khanda 17/27				
Category	Pana (Drinkable)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Jala	Water	-	4 parts
	2.	Kharjura	Dates/ <i>Phoenix dactylifera</i> L.	Fruit	1/6 Part
	3.	Dadima	Pomegranate/ <i>Punica granatum</i> L..	Fruit	1/6 Part
	4.	Draksha	Raisins/ <i>Vitis vinifera</i> L.	Fruit	1/6 Part
	5.	Amlika	Tamarind/ <i>Tamarindus indica</i> L.	Fruit	1/6 Part
	6.	Amalaki	Gooseberry/ <i>Emblica officinalis</i> Gaertn.	Pericarp	1/6 Part
	7.	Parushaka	Sherbet Berry / <i>Grewia asiatica</i> L.	Fruit	1/6 Part
Method of preparation	Grind all the ingredients into a paste and add four times water and soak for 2-3 hours. Subsequently, churn the mixture and filter it.				
Properties	Guru (heavy to digest), madhura (sweet), amla (sour), anulomaka (normal course of movement of flatus and faeces), snigdha (unctuous), balya (strength promotor)				
Benefits (Pathya)	It could be beneficial in Madyavikara (alcoholism)				
Precautions	-

Mashendri
(Spiced Black Gram Fritters)

Name of the Recipe	19.1 Mashendri (Spiced Black Gram Fritters)				
Reference	Ruchivadhu Gala Ratnamala, Shloka-23				
Category	Ashita (Eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Masha	Black gram/ <i>Phaseolus mungo</i> L.	Seed	1 part
	2.	Hingu	Asfoetida/ <i>Ferula asfoetida</i> Regel.	Oleo resin Gum	Q.S.
	3.	Ardraka	Ginger / <i>Zingiber officinale</i> Rosc.	Rhizome	Q.S.
	4.	Jiraka	Cumin / <i>Cuminum cyminum</i> L.	Fruit	Q.S.
	5.	Jala	Water	-	Q.S.
	6.	Taila	Oil	-	Q.S.
Method of preparation	Take Masha flour and add required quantity of powdered Hingu , Jiraka, and Ardraka paste. Mix the ingredients thoroughly. Gradually add required amount of water and prepare a smooth dough. Prepare small and uniform balls (2 inches) from dough and deep-fry them in an adequate quantity of Taila until balls becomes golden and crispy.				
Properties	Katu (pungent), amla (sour), ushna (hot in potency)				
Benefits (Pathya)	It could be beneficial in Aruchi (tastelessness), Daurbalya (weakness)				
Precautions	-				
Special precautions	-				
Others	-				

Modaka
(Laddu/Sweet Balls)

Name of the Recipe	20.1 Sevika Modaka (Sweet Vermicelli Balls)				
Reference	Bhavaprakash Nighantu, 12/126				
Category	Ashita (Eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Samita	Fine Wheat flour/ <i>Triticum aestivum</i> L.	Seed	1 part
	2.	Ghrita	Clarified butter	-	Q.S.
	3.	Sharkara	Normal Sugar	-	Q.S.
Method of preparation	Add Ghrita to Samita and mix thoroughly to prepare a smooth dough. Shape the dough into fine threads resembling vermicelli. Deep-fry the strands in Ghrita until crispy and golden. Once fried, immerse them in sugar syrup (one thread consistency) for proper absorption. Once soaked, remove the strands from sugar syrup and prepare small balls/ Modaka as desired.				
Properties	Snigdha (unctuous), madhura (sweet), guru (heavy to digest)				
Benefits (Pathya)	It could be beneficial in Aruchi (tastelessness), Daurbalya (weakness), Karshya (emaciation), Shukrakshaya (deficiency of semen).				
Precautions	It is not recommended in diabetes				
Special precautions	-				
Others	-				

Name of the Recipe	20.2 Mudga Modaka (Sweet Green Gram Balls)				
Reference	Bhavaprakash Nighantu, 12/128				
Category	Ashita (Eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Mudga	Green gram/ <i>Phaseolus radiatus</i> L.	Seed	1 part
	2.	Ghrita	Clarified butter	-	Q.S.
	3.	Sharkara	Normal Sugar	-	Q.S.
	4.	Jala	water	-	Q.S.
Method of preparation	Take Mudga (green gram) flour, add required quantity of water and prepare a smooth flowing batter. Heat Ghrita in a wide-mouthed iron pan. Pour the batter through a perforated ladle or sieve, allowing it to fall drop by drop into the hot Ghrita. Fry until the droplets are well-cooked and golden. Remove them from the ghee and immerse in Sitapaka (sugar syrup-one thread consistency) for adequate absorption. Once soaked, take them out and prepare small balls (Modaka).				
Properties	Laghu (light for digestion), grahi (absorbative action), tridoshanashaka (alleviates all three doshas), madhura (sweet), sheetala (cold in potency), ruchi karaka (impart taste), chakshushya (enhances vision), balya (strength promotor), tarpana (saturating)				
Benefits (Pathya)	It could be beneficial in Jwara (fever), Aruchi (tastelessness), Daurbalya (weakness), Netra roga (eye diseases)				
Precautions	It is not recommended in diabetes				
Special precautions	-				
Others	-				

Name of the Recipe	20.3 Vesana Modaka (Sweet Gram Flour Balls)				
Reference	Bhavaprakash Nighantu, 12/131; Bhojana Kutuhalam, Sidhannaprakarana, Bhakshya Vishesha p.79				
Category	Ashita (Eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Vesana /Chanaka	Chick pea/ <i>Cicer arietinum</i> L.	Seed	1 part
	5.	Ghrita	Clarified butter	-	Q.S.
	6.	Sharkara	Normal Sugar	-	Q.S.
	7.	Jala	Water	-	Q.S.
Method of preparation	Take Vesana (gram flour) flour, add required quantity of water and prepare a smooth flowing batter. Heat Ghrita in a wide-mouthed iron pan. Pour the batter through a perforated ladle or sieve, allowing it to fall drop by drop into the hot Ghrita. Fry the droplets until they are well-cooked and golden. Remove them from the ghee and immerse in Sitapaka (sugar syrup- one thread consistency) for adequate soaking. After sufficient absorption, take them out and prepare small balls (Modaka).				
Properties	Balya (strength promotor), laghu (light for digestion), sheeta (cold in potency), vata karaka (aggravates vata dosha), kapha nashaka (alleviates kapha dosha)				
Benefits (Pathya)	It could be beneficial in Jwara (fever), Pitta raktavikara (bleeding disorder)				
Precautions	-				
Special precautions	-				
Others	-				

Name of the Recipe	20.4 Swalpasurana Modaka (Sweetened Ginger pepper Balls)				
Reference	Chakradatta, 5/ 46-47				
Category	Ashita (Eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Guda	Jaggery	-	15 parts
	2.	Surana	Elephant Foot Yam/ <i>Amorphophallus campanulatus</i> Blume	Corm	8 parts
	3.	Chitraka	Leadwort/ <i>Plumbago zeylanica</i> L.	Root	4 parts
	4.	Shunthi	Dry ginger/ <i>Zingiber officinale</i> L.	Rhizome	2 parts
	5.	Maricha	Black Pepper/ <i>Piper nigrum</i> L.	Fruit	1 part
Method of preparation	Take required quantity of boiled and mashed Surana. Add required quantity of powdered Maricha, Shunthi, Chitraka and Guda to the mashed yam. Mix them thoroughly, and prepare small balls (Modaka).				
Properties	Jatharagni deepaka (stimulates digestive fire)				
Benefits (Pathya)	It could be beneficial in Udara shoola (abdomen pain), Gulma (abdominal lump), all types of Arsha (piles), Shleepada (filariasis).				
Precautions	-

Name of the Recipe	20.10 Tila Modaka (Sweet Sesame Balls)				
Reference	Bhojana Kutuhala, Siddhannaprakran (Bhakshyavishesha), p.87.				
Category	Khadita (Hard eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Tila	Sesamum / <i>Sesamum indicum</i> L.	Seed	1 part
	2.	Guda	Jaggery	-	Q.S.
Method of preparation	Fry Tila, add sufficient quantity of Guda, mix thoroughly, and prepare small balls (Modaka).				
Properties	Ruchikara (imparts taste), balya (strength promoter), vatahara (alleviates vata dosha)				
Benefits (Pathya)	-				
Precautions	It is not recommended in diabetes				
Special precautions	-				
Others	-				

Name of the Recipe	20.11 Chitta Modaka (Camphor Sweet Vermicelli Balls)				
Reference	Kshema Kutuhala, 10/21-23				
Category	Ashita (Eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/Botanical Name	Part Used	Ratio
	1.	Godhuma	Wheat/ <i>Triticum aestivum</i> L.	Seed	1 part
	2.	Sharkara	Normal Sugar	-	Q.S.
	3.	Ghrita	Clarified butter	-	Q.S.
	4.	Karpura	<i>Camphor/Cinnamomum camphora</i> (L.) J.Presl	Sub. extract	Q.S.
Method of preparation	Add Ghrita to Godhuma Churna and mix well to prepare a dough. Shape the dough into fine threads or vermicelli-like strands. Fry these strands in Ghrita until golden, then immerse them in sugar syrup (one thread consistency). After soaking, remove them from the syrup, add Karpura, and prepare small balls or Modaka.				
Properties	Madhura (sweet), snigdha (unctuous), sheeta (cold in potency), guru (heavy to digest), balavardhaka (strength promoter), vatapittahara (alleviates vata and pitta dosha), shukravardhaka (increases semen).				
Benefits (Pathya)	-				
Precautions	It is not recommended in diabetes				
Special precautions	-				
Others	-				

Name of the Recipe	20.12 Dadhi Laddu (Curd based Rice Balls)				
Reference	Kshema Kutuhala, 10/16				
Category	Ashita (Eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/ Botanical Name	Part Used	Ratio
	1.	Tandula	Rice/ <i>Oryza sativa</i> L.	Seed	1 part
	2.	Dadhi	Curd	-	Q.S.
	3.	Sharkara	Normal Sugar	-	Q.S.
	4.	Ghrita	Clarified butter	-	Q.S.
Method of preparation	Mix Tandula flour with Dadhi, knead well, prepare a dough and shape it into vermicelli, fry them in Ghrita and dip in sugar syrup (1-2 thread consistency). Thereafter, remove them from sugar syrup and prepare small balls or Modaka.				
Properties	Madhura (sweet), sheeta (cold in potency), snigdha (unctuous), guru (heavy to digest), Medhya (improves intellect), Vatapittashamaka (alleviates pitta and vata), Hridya (good for heart).				
Benefits (Pathya)	It could be beneficial in and Daha (burning sensation).				
Precautions	It is not recommended in diabetes				
Special precautions	-				
Others	-				

Name of the Recipe	20.13 Godhuma Churna Laddu (Sweet Wheat Flour Balls)				
Reference	Kshema Kutuhala, 10/19				
Category	Ashita (Eatables)				
Ingredients	Sl.No.	Name of the Ingredients	Common name/ Botanical Name	Part Used	Ratio
	1.	Godhuma	Wheat/ <i>Triticum aestivum</i> L.	Seed	1 part
	2.	Ghrita	Clarified butter	-	Q.S.
	3.	Sharkara	Normal Sugar	-	Q.S.
	4.	Jala	Water	-	Q.S.
Method of preparation	Knead Godhuma with required quantity of Ghrita and water, prepare a dough and shape it into vermicelli or small balls, fry them in Ghrita and dip in sugar syrup. Thereafter, remove them from sugar syrup (1-2 thread consistency) and prepare small balls or Modaka.
